**Report
on
Workshop on “Power of Data Analytics”**

Date: 12.10.2023

Time: 11:00 AM – 1:30 PM

Mode: Offline at C V Raman Hall

1. No of Participants:

Students: 215

Faculty members: 10

2. Name and details of the Resource Person:

Mr Saurav Kapil, Corporate Trainer, BLogic Software Technology Pvt. Ltd, Sector – 62, Noida

Event Coordinators:

Dr. Ajay Kumar Gupta Associate Professor & Head,

Mr Abhishek Kumar, Assistant Professor,

Dept.of CSE (AI), IIMT College of Engineering, Greater Noida.

3. Objectives:

- i. To spread the awareness among the participants about the power of data analytics.
- ii. To provide a brief introduction to the participants how to start a successful career in data science and analytics.
- iii. Explain in precise manner about the various data analytics tools that are used in the industry.
- iv. Provide the practical exposure of current trends in the industry with the help of case studies.

4. Brief Write-up on the Programme/ Event:

The department of CSE(AI) organized a workshop on “**Power of Data Analytics**” on 12th Oct 2023.

The session was initiated with presenting a Tulsi sapling to Mr Saurav Kapil, the guest speaker as a token of gratitude, by Dr. Ajay Kr Gupta (HoD) Department of CSE (AI) & AI-DS.

Mr Saurav Kapil gave a detailed introduction of data analytics to the students. He explained about what is data analytics means, its application areas, etc. He gave a detailed explanation about how data analytics process life cycle works. What are the key role players in the analytics process in an organization? He also told about various career options in data analytics. He also explained about the current and future industry demand in the domain of data analytics. He told students-how can a person build up a bright and successful career in this domain?

The session was ended with presenting a memento to the guest speaker by Mr. Jai Prakash Bhati, Asst. Professor and a vote of thanks by Dr. Ajay Kr Gupta (HoD) of department of CSE (AI) & AI-DS.

5. Learning Outcome:

- i. Participants have learnt about the data analytics.
- ii. Participants also learnt about the various career options in the domain of data analytics.

6. Budget: 0000/-

Report

on Industrial Visit at “Network Bulls”

Date: 11.12.2023

Time: 10:00 AM – 4:30 PM

Mode: Offline at Network Bulls

8. No of Participants:

Students: 51

Faculty members: 02

9. Name and details of the Resource Person:

Mr Surendra Yadav, Corporate Trainer, Network Bulls Pvt. Ltd, Sector – 14,
Gurgaon, Haryana 122001

Event Coordinators:

Mr. Abhay Narayan Singh, Assistant Professor,

Mr. Harikishan Singh, Lab Assistant,

Dept. of CSE(AI), IIMT College of Engineering, Greater Noida.

10. Objectives:

- xiii. Establish a link between theory taught in a classroom and actual practical concepts.
- xiv. Provide students with an opportunity to learn practically through interaction, working methods, and employment practices.
- xv. Help students to meet and get influenced by industry leaders, policymakers, and professionals and experience their share of wisdom and learning.
- xvi. Demonstrate the career prospects available in their industry to the students and also pick exceptional candidates for their company.
- xvii. Create a strong bond between the company and the organization that helps the industry recruit candidates from the college by conducting placement programs.

11. Background of the company:

Network Bulls is known as the World's Largest Cisco Labs Institute based in India. Network Bulls has the World's Largest Cisco Labs with fully loaded devices and functional equipment required for technology-specific training. We offer varied Associate, Professional, and Expert Level training on Cisco and Microsoft, etc. courses, giving all our students a world-class platform to establish their careers and transform themselves into world-class IT Professionals. Founded in 2009, Network Bulls is known for its “for the student and by the student” approach where producing high-end technological minds through our intensive quality training programs has been NB’s winning strategy. An institution of 3000+ honorees, Network Bulls works towards offering training excellence, student welfare, and transformation of the professional lives of all our students. From classroom mode of training to online/virtual forms of training and even boot camp training, Network Bulls has been delivering intellectual success by crafting worthy and knowledgeable IT professionals worldwide. Ever since its beginning, NB has been providing career-changing IT certification training on courses and technologies like

CCNA (R&S, Security, and Voice), CCNP (R&S, Security, and Voice), CCIE (R&S, Security, and Voice), and MCSE 2012 Server Infrastructure

12. Itinerary:

IIMT College of Engineering organized an industrial visit on 11 Dec, 2023 to Network Bulls located in Gurgaon Haryana for CSE(AI) & AI-DS 3rd Year students. The visit was organized by the Head of Department CSE(AI) Mr. Abhay Narayan Singh and Mr. Harikishan Singh were the co-ordinators Faculty for the industrial visit. We started traveling from the college campus at 10:30 am via our college bus. Totally 51 students along with 2 coordinators faculty were there on the journey.

13. Arrival and Reception:

All students along with two coordinators faculty reached at noon in company campus. After that registration of students starts.

14. Facility Overview:

Network Bulls – a leading IT training institute provides different Lab facilities to its students. Network Bulls has the World's Largest Cisco Labs which are well-equipped with fully functional ultra-modern equipment and devices. Exceptional lab facility is provided to students at NB which helps them to focus on the practical aspect of the course along with the theoretical studies. Network Bull's Labs are equipped with the latest technological equipment per Cisco's blueprint. We provide all-time lab access to our students enrolled in different Cisco courses such as CCNA, CCNP, and CCIE courses.

15. Technology:

Network Bulls uses 33 technology products and services including HTML5, jQuery, and Google Analytics, according to G2 Stack. Network Bulls is actively using 25 technologies for its website, according to BuiltWith. These include Viewport Meta, iPhone / Mobile Compatible, and SPF.

16. Conclusion:

We are thankful to all our faculties for organizing such an Informative event which is crucial for developing our practical skills regarding tools and other activities. We got knowledge of different types of routers used in Network Bulls and had an opportunity to research them. We hope to get more chances to have such an informative & wonderful experience of visiting different industries

of
Guest Lecture on “Cyber Security: Challenges & Future Scope”**

Date: 12.03.2024

Time: 12:00 Noon – 12:50 PM

Mode: Offline at Vishveshwarya Hall

1. No of Participants:

Students: 171

Faculty members: 12

2. Name and details of the Resource Person:

Prof. Triveni Singh, Ex-IPS Officer, PhD (Cyber Crime)

Event Coordinators:

Mr. Abhay Narayan Singh, Assistant Professor,

Mr. Jai Prakash Bhati, Assistant Professor.

Dept.of CSE(AI), IIMT College of Engineering, Greater Noida.

3. Objectives:

- xviii. To spread the awareness among the students about how much important cyber security for industries, what are the challenges in this domain and what is its future scope.
- xix. To provide a brief introduction to the participants how to start a successful career in Cyber Security.
- xx. Explain in precise manner about the various Emerging Cyber Security mechanism and related tools that are used in the industry, institutions, and academia.

4. Brief Write-up on the Programme/ Event:

The department of CSE(AI) organized a guest lecture on “**Cyber Security: Challenges & Future Scope**” on 12th of March, 2024

The session was initiated with presenting a memento to Prof. Triveni Singh, the guest speaker as a token of gratitude, by Mr. M. K. Soni (Director General), IIMT group of colleges.

Prof. Triveni Singh, gave a detailed introduction of role of cyber security and rapid increase in global demand of cyber forensic experts in industry, to the students. He explained in how many ways cyber security play a vital role in different domains like to secure the data from intruders, how to protect the information from unauthorized access. He also explains that what are benefits of cyber security and what are the consequences if you are not aware for the same. He told students-how can a person build up a bright and successful career in this domain.

The session was ended with a vote of thanks by Dr. Prabhat Vishwakarma (HoD), Department of AI-DS.

5. Learning Outcome:

- ix. Participants have learnt how a cyber forensic expert can play a vital role industry.
- x. Participants also learnt about the various career options in the domain of in cyber security and cyber forensics in private sector as well as in government sector also.

6. Budget: 0000/-

Report on Technical Quizon’“Web Technology”

Date: 23.04.2024

Time: 02:00 PM – 3:00 PM

Mode: Online

1. No of Participants:

Students: 160

Faculty members: 02

2. Name and details of the Resource Person:

Event Coordinators:

Mr. Abhay Narayan Singh, Assistant Professor,

Mr. Ajay Pratap Singh Yadav, Assistant Professor,

Dept.of CSE(AI), IIMT College of Engineering, Greater Noida.

3. Objectives:

- xxi. Technical quizzes assess participants' understanding of specific subjects, concepts, theories, or technologies.

- xxii. Quizzes can serve as a tool for learning and reinforcement of technical knowledge by challenging participants to recall information and apply it in different contexts.
- xxiii. Quizzes often create a competitive environment where participants can showcase their expertise and skills, motivating them to excel and strive for improvement.
- xxiv. Quizzes can be engaging and interactive, encouraging active participation and stimulating interest in the subject matter.
- xxv. In academic or professional settings, technical quizzes may identify individuals with exceptional skills or aptitude in a particular field, aiding in recruitment or academic selection processes.

4. Brief Write upon the Event:

The CSE (AI) department organized a technical quiz “Web Technology” on 23/04/2024. The test was initiated using Socrative online apps in the presence of Dr. Ajay Kr Gupta (HoD) Department of CSE (AI).

The test was ended at 03.00 pm.

The total number of students who participated was 160.

Web Technology Quiz is an event that typically revolves around testing participants'

knowledge and understanding of various aspects of web technology. Here's a brief overview of what such an event might entail:

Format: The quiz may be conducted as multiple-choice questions.

Topics Covered: The quiz can cover a broad range of topics related to web technology, including but not limited to:

HTML, CSS, JavaScript.

Levels of Difficulty: Questions may vary in difficulty, catering to participants with different levels of expertise, from beginners to advanced users. This ensures that the quiz is inclusive and accessible to a wide range of participants.

5. Learning Outcome:

Beyond the competitive aspect, the Event Web Technology Quiz is also a valuable learning opportunity for participants. It allows them to test their knowledge, learn from their mistakes, and gain insights into emerging trends and best practices in web technology.

- 6. Result:** Abhigyan Tejas CSE(AI) 3rd year got 96%.
Srinath Mishra CSE(AI) 2nd year 2B got 96%.
Adarsh Tiwari CSE(AI) 2nd year 2A got 90%.

7. Budget: 0000/-

8. Photos of the Session:

Department of Computer Science & Engineering (Artificial Intelligence)

Web Technology Quiz

Under AI & Tech Club

QUIZ!

Coordinator

Mr. Ajay Pratap
(Assistant Professor)

Mr. Abhay Singh
(Assistant Professor)
