From Editor's Desk

‘Today’s scenario of educational system is entirely different from what it used to be decades back. We are now in the time of changing global trends and demands, which can only be faced through the correct course of action of preparing the future generation. Hence, education is the only key to open the doors of prospects and progress. We at IIMT College of Science & Technology nurture the young minds not to mere get professionally capable but also to learn life-skills and ethical values for a holistic development. **SAMVAAD** is the reflection of this deep-rooted objective and ideology.’

—Dr Poonam Pandey (Director, IIMT College of Sci & Tech)

Stream of Inspiration

An Investment in knowledge
pays the best Interest.

—Benjamin Franklin

Paving Paths

IIMT College of Science & Technology (Greater Noida) envisages the vision of creating a multidimensional learning environment for the young minds. The institution focuses on creating future professionals, completely armed with the power of Education and Technology. Students here are fostered, to not only gain academic & scholarly merits, but also to hone themselves for a broader canvas in both personal and professional life. The courses of B.Sc (Computer Science) & Education are the perfect amalgamation of gaining knowledge of technology, competence, life skills and empirical aspects of the academics. The Technology program's objective is to boost innovation, critical thinking and constructive approach in the learners. The course is designed in a robust form, to create interest and strengthen cognitive development of the students, so they are career ready by the time the course is completed. Hence, keeping the holistic development of the learners in mind, IIMT aims at creating exceptional & outstanding technocrats, computer & educational professional well equipped to face the global trends and challenges.

The art of Teaching is the art of assisting discovery.

— Mark Van Doren

Festivities & Celebration

New Year Celebration 2022

Celebrations and festivities add zeal and jubilation to the spirits, and create a positive environment at work place. IIMT treats all its employees as an extended family. Henceforth the beginning of the year 2022 was given a grand welcome by organizing a grand event, where all the IIMT family members, celebrated, danced and enjoyed with open heart.

Makarsankranti celebration

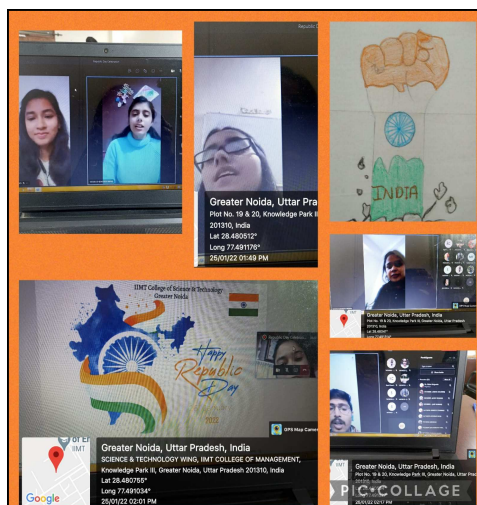

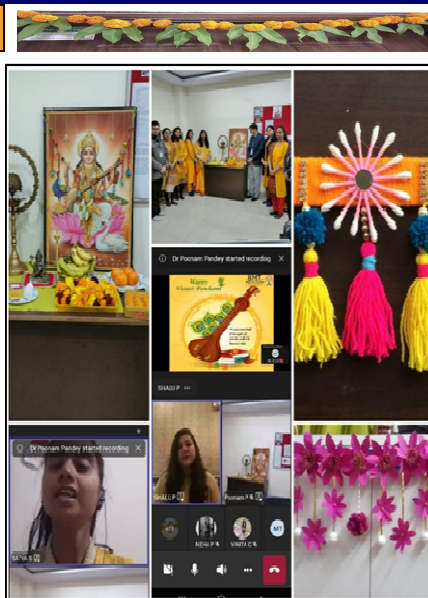

Kite is associated with the feeling of freedom, Festivity, joy and patriotism. To encourage the imagination and creativity of our pupil teacher, Art and Craft Club of B.Ed. Department of IIMT College of Science and Technology organized ONLINE Kite making and Decoration Activity on January 13, 2022. Kite is also the symbol of Makar Sankranti which we celebrate on 14 January. To spread awareness and to connect with our culture, on the occasion of lohri and Maker Sankranti, this kite making Activity was successfully conducted.

Saraswati Pooja & Toran Making

Saraswati puja and toran making

B.Ed. Department of IIMT College of Science & Technology organized Toran making, Saraswati Poojan on the auspicious day of Basant panchmi. This activity was conducted both online and offline where toran making was done online and Saraswati puja was done offline in college campus, in the presence of all the faculty and staff members

Education is not mere gaining a professional degree, it has a deeper purpose of creating sensible citizens, valuing their culture, ethnicity and patriotic responsibility towards their Nation. We at IIMT College of Sci & Tech, truly believes in inculcating such values and vision in the students. Referring to the same, an online celebration of Republic Day was held on 26th Jan 2022, where students exhibited their skills and talent through singing, poetry and poster making.

Women's Day Celebration

Healthy society is a basic foundation of building a powerful nation. A social set up where all the human beings and gender are treated equal and given mutual respect, will beget peace and progress. IIMT keeps alive such moral norms by spreading awareness & celebrating special days such as Women's Day. The faculty members and students of B.Ed department celebrated the significance and beauty of this day with the students and staff of Saheed Bhagat Singh, Greater Noida during the Teaching Practice week.

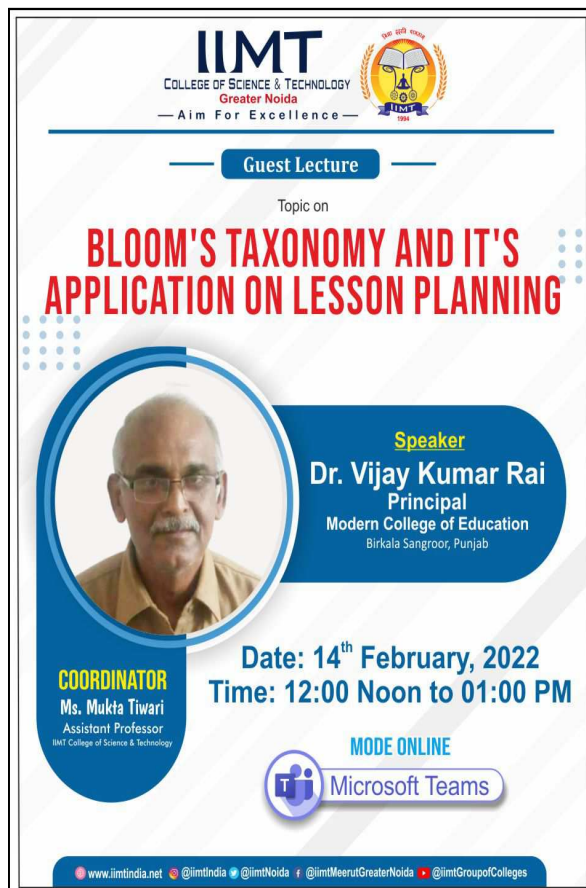

Students & faculty Enrichment Programme

GUEST LECTURE (B.Ed Department)

Teaching profession is not mere about imparting knowledge, but also about updating in accordance with the global trends & norms. Being Teacher, is about continual learning and enhancing skills to light the corridors of younger generation. Henceforth IIMT organized, a Guest Lecture related to the field of Education & Teaching for the enrichment of the B.Ed students. (14 February 2022) The Guest Speaker was **Dr. Vijay Kumar Rai** (Principal of Modern College Of Education, Sangroor Punjab).

The topic of the Lecture was 'Bloom's Taxonomy and Application on Lesson Planning'.

The objective of the session was to get the aspiring teaching professionals to get acquainted with holistic purpose of teacher training. The gist of the lecture was that Teaching is all about correct planning, imparting and outcomes

Workshop for Faculty members on Experimental Learning Approach

Learning and grooming are one such phenomenon that need a constant honing in order to achieve certain benchmarks in Education & Teaching Industry. To fulfill this criteria of progress, all the faculty members attended a workshop on ***“Developing Lesson Plan based on Experimental Learning Approach.”***

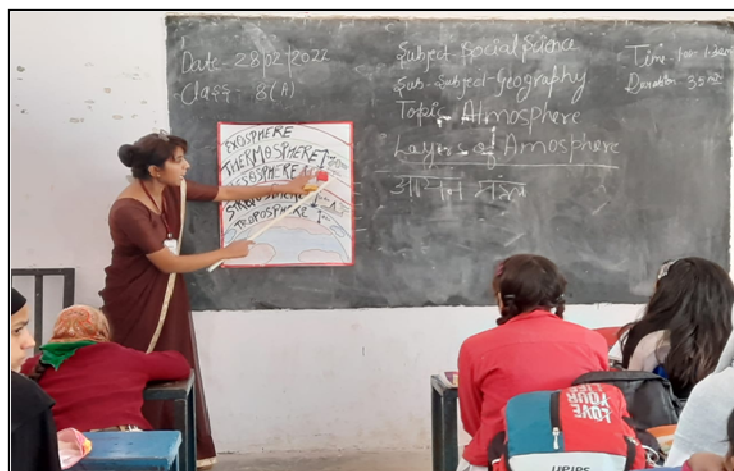

Micro Teaching, Simulation and Teaching Practice

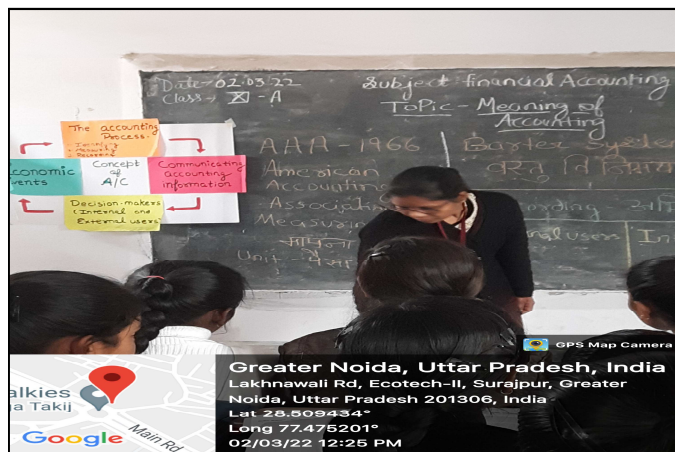

Workshop on Micro Teaching was organized by **B.Ed. Department** of IIMT College of Sci & Tech in the from **14th Feburary to 12th March (2022)**

Teaching Practice session was organized by B.Ed. Department of IIMT College of Science & Technology at Shaheed Bhagat Singh Inter college , Surajpur Gr. Noida. Teaching practice is the vital component of teacher education and training because it provides student teachers with an opportunity to learn from experience at the work place. MicroTeaching, Simulation and Teaching Practice is the most important part of B.Ed Syllabus. Total seven teaching skills were practiced in Microteaching session. So for both pedagogy subject ,14 Microteaching skills were practiced. After that 5 lesson plans were prepared for Simulation session.

Further getting trained in teaching skill, all the students were taken to different schools for real class room experience.

Students learning Microteaching /Simulation skills

Social Engagements

Drives, Campaigns & Rallies

Education will be confined to mere bookish knowledge, If the purpose of knowledge gained cannot be utilized to serve the mankind at large. Students today are not just receiving degrees, but a holistic perspective and purpose of life.

The department of Education (B.Ed), IIMT College of Science and Technology successfully organized many social activities like *Awareness Campaign through Nukkad Natak & Rally for Nasha Mukti on 11th March 2022.*

Social Initiative Campaign for Nasha Mukti

Glimpses of Nukkad Natak and Nasha Mukti Rally

Environmental awareness Campaign

Paryavaran Rally, Cleanliness & Say 'NO' to Plastic Drive

‘A healthy mind resides in a healthy body’, in the same way we can lead a hygienic and healthy life only if we keep our surroundings and environment clean. We are at edge of loosing Nature’s lap, hence its utmost important that we as a society make collective efforts to save our mother earth. For this social awareness cause the students and faculty/staff members of IIMT College of Science and Technology conducted ***Paryavaran Rally in the month of March (9th March 2022) to spread the message of saving Earth and importance of going green by eradicating mal practices of using plastic and toxic elements harming nature***

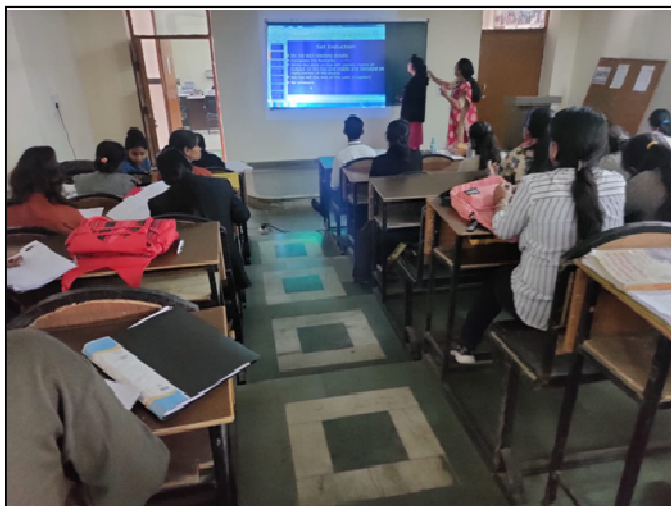

Women & Child Welfare Initiatives

‘B.Ed. Department of IIMT College of Science & Technology conducted varied social welfare event in the month of Feburary related to children & women like ***childhood care & educational session in collaboration with Aangan wadi of Surajpur centre greater Noida, Women’s day celebration & yoga & PT session with students of Shaheed Bhagat Singh Inter College, Surajpur.*** All the students and Faculty members zestfully made best of the efforts to contribute in this social welfare drive.

Workshops & Webinar

In today's fast pacing world ,communications skills and language proficiency are significant tools to grow professionally. Students ,need a continuous assistance and training in order to acquire language skills, for which the mentors at IIMT keep a track record of learners and provide training as per their learning needs. So, language workshop of one week(22th March to 29th March ,2022) for the students of both B.Sc (CS) and B.Ed department was conducted in order to develop a better knowledge and comprehension of Both Hindi and English Language. The concerned subject teacher and PDP trainers of the departments took the session.

Learners enhancing Language proficiency

Two days virtual workshop was organized in the department of B.Sc (CS) This training session was conducted to make the students understand about the "C Programming". The speaker for the session was **Mr. ATUL KUMAR** In association with **DUCAT,NOIDA**. The guest speaker enriched the students' understanding by sharing his knowledge on basics of programming C .Further he also explained why C language is used as a basics of programming language. Mr. Atul has also explained the problem solving in programming with strategic approach. And end the session with the future use of C language in tech world.

Academic Activities

Group Discussion & Debate

IIMT College of science and Technology has successfully organized a debate competition on 28/03/2022 (Monday). All the students of B.Sc first year enthusiastically participated in the activity. The topic of the debate was: ***'Are computers replacing Teachers?'*** The participants articulated their views both in favour and against of the topic. Few candidates supported the side that online teaching learning process, technology and availability of study material has made it convenient, on the other hand few advocated that Human Intelligence can't be replaced by computers and machinery, which itself is man-made.

Winners of Debate:

Amanmani Tripathi– First

Shubham Prajapati & Dev Aggarwal- Second

Brijesh Chaudhary & Narendra Kumar– Third

Group Photo of Team A and B of G D Activity

IIMT College of science and Technology has successfully conducted a group discussion on 04/04/2022 (Monday) to have a impactful brainstorming drill for the students. All the candidates of B.Sc second year showed great amount of zeal through their active participation. The topic of the debate was: ***'Traditional Vs Online Learning: Which is more effective?'*** It was a team wise competition: Group A and Group B. Team A supported the side that online teaching learning process, technology and availability of study material has made it convenient, on the other hand team B advocated that Human Intelligence can't be replaced by computers and machinery, which itself is man-made. And the physical classroom gives a better learning environment along with a opportunities to grasp broader life-skills.

Achievement, Efforts and Recognition

“It always seems impossible until it is done”

— Nelson Mandela

One brick joined everyday can shape the castle one day. This positive thread of mindset is the work force among the students and faculty member at IIMT College of Science & Technology. Definitely, the summit of success is in reach if there is continual diligence. Keeping this a driving force for all the endeavours, which are appreciated also by the College authority.

The Glimpses of such efforts and appreciation are mentioned below:

Best Faculty of the month awards

Ms Mukta Tiwari (January)

Dr. Disha Vidyarthi (February)

Dr. Geeta Chaudhary (March)

B.Ed students cleared Central Teacher Eligibility Test Many Second year students of B.Ed. Department passed CTET 2021 exam with flying colours and commendable per-

Central Teacher Eligibility Test (CTET) 2021

Paper-I (For Classes I to V) Primary Stage:

Roll No.	Score	Grade
123456789	120	A
987654321	115	B
567890123	110	C
345678901	105	D
210987654	100	E

Paper-II (For Classes VI to VIII) Elementary Stage:

Roll No.	Score	Grade
123456789	120	A
987654321	115	B
567890123	110	C
345678901	105	D
210987654	100	E

Note:
1. Candidates securing 60% and above marks will be considered as CTET qualified.
