About the Department of Artificial Intelligence & Data Science

Department of Artificial Intelligence & Data Science was established in the year 2021 with an intake of 60 students which has been increased to 120 per year, with the objective of imparting quality education in the field of Artificial Intelligence & Data Science.

The Department aims to be the Centre of Excellence in providing international standard education and consultation in the field of Artificial intelligence & Data Science and thus targets to produce globally competent and self disciplined computer engineers.

To Keep pace with rapidly evolving technology and continuous need for innovation in year 2021, the Department also started B.Tech. in "Artificial Intelligence" with an intake of 60 students. We always aim to produce quality professionals, holding important positions in information technology industry in India and abroad.

The Department of Artificial Intelligence & Data science offers B.Tech course and lays emphasis on deep understanding of fundamental principles, knowledge of Artificial Intelligence, Machine Learning, Deep Learning, and Data Science. The Department is fully equipped with laboratories, along with advanced softwares like MATLAB, Oracle, JMeter and Selenium under the supervision of well-qualified Professors with Ph. D. and M. Tech. from reputed institutes like IITs, NITs, etc.

The Department of Artificial Intelligence & Data Science conducts 4 year B.Tech. Degree Course in "Artificial Intelligence & Data Science" since 2021. It has state-of-the-art & world class infrastructure, with clear aim to be known as the best department in Artificial Intelligence & Data Science among all other Indian Colleges of repute. As a wealth, the Department has a strong team of faculty members with high dedication towards the commitment. The pass out students of the department are performing extremely well in almost all the leading organizations and making the name of the Department sparkle bright. Here at IIMT we are committed to provide not only technical education to our students but also the leadership qualities through which they can create employment for others.
