FROM CHIEF EDITOR'S DESK

Prof. (Dr.) Prabhat Kumar Vishwakarma

Professor & HOD(AI&DS)

About the Department of Artificial Intelligence & Data Science

Department of Artificial Intelligence & Data Science was established in the year 2021 with an intake of 60 students which has been increased to 120 per year, with the objective of imparting quality education in the field of Artificial Intelligence & Data Science.

The Department aims to be the Centre of Excellence in providing international standard education and consultation in the field of Artificial intelligence & Data Science and thus targets to produce globally competent and self disciplined computer engineers.

We always aim to produce quality professionals, holding important positions in information technology industry in India and abroad.

The Department of Artificial Intelligence & Data science offers B.Tech course and lays emphasis on deep understanding of fundamental principles, knowledge of Artificial Intelligence, Machine Learning, Deep Learning, and Data Science. The Department's Lab is fully equipped with advanced software under the able supervision of well-qualified faculties with PhD and M.Tech. from reputed Central/State Universities and NITs.

Technology is nothing.
What's important is that
you have a faith in people,
that they're basically good
and smart,
and if you give them tools,
they'll do wonderful things
with them.
