From Chief Editor's Desk

Dr. Ajay Kumar Gupta
HOD, CSE (AI)

The Department of Computer Science and Engineering (Artificial Intelligence) focuses on AI, generating excitement and optimism. AI is seen as a key driver of technological progress, offering groundbreaking solutions to pressing global issues in fields like healthcare, sustainability, finance, and education. However, this powerful technology also brings a responsibility for educators and researchers in CSE (AI) to maintain high ethical standards. Their role is not only to advance technology but also to ensure it is used responsibly. Preparing future leaders involves understanding both the technical aspects of AI and its wider societal impact. AI is at the forefront of technological innovation, with the potential to transform industries and greatly enhance lives around the world.

IIMT College of Engineering & Technology has effectively shaped students who have taken on leadership positions across various industries and technological sectors. As they step into these roles, they are encouraged to not only gain expertise in AI but also to reflect on its wider societal impact. Through interdisciplinary collaboration, hands-on research, and addressing real-world challenges, the college aims to equip students to become responsible AI professionals and champions of positive change. By emphasizing ethical AI practices, the institution aims to foster global advancement and generate meaningful, lasting innovations.

GUEST LECTURE

CRITICAL DESIGN THINKING

On 20th February, 2025, the Department CSE (AI) organized a Guest Lecture on the topic “Guest Lecture on Critical Design Thinking”

The Speaker of the day was Dr. Alok Singh Chauhan, Professor, Computer Science & Engineering, Galgotia University, Greater Noida. The speaker explained to the students what are the principles and real life scenario of critical design thinking. The session was quite motivating and full of energy too.

INNOVATION & ENTREPRENEURSHIP OUTREACH PROGRAM

The department of CSE (AI), IIMT College of Engineering, Greater Noida, organized an Innovation & Entrepreneurship Outreach Program at Arya Vartt Public School, Palla, Greater Noida in collaboration with the Institutions Innovation Council (IIC) for the students of Arya Vartt Public School on 25th February 2025.

Prof.(Dr.) Prabhat Kr. Vishwakarma began with a brief introduction about the Innovation & Entrepreneurship Outreach Program.

The goal of this program is to instill an entrepreneurial mindset-a mindset that embraces challenges, sees opportunities in problems, and is driven by curiosity and resilience.

GUEST LECTURE

THE IMPACT OF AI AND MACHINE LEARNING FOR EMERGING ENGINEERING TRENDS

On 28th February 2025, the Department CSE (AI) organized a guest lecture on the topic “The impact of AI and Machine learning for Emerging Engineering Trends”.

The Speaker of the day was Dr. Kalicharan Sahu, Associate Professor, Department of CSE, Sharda University, Greater Noida UP. During the session Dr. Sahu has elaborated the features of Machine Learning and AI trends in the field of engineering with the related emergence and their features to enable the feasibility in detailed approach.

The poster is for a guest lecture organized by the Department of Computer Science & Engineering (AI) at IIMT College of Engineering, Greater Noida. The title of the lecture is "The Impact of AI & Machine Learning for Emerging Engineering Trends Under AI & Tech Club". The speaker is Dr. Kalicharan, an Associate Professor at Sharda University, Greater Noida. The event is co-ordinated by Dr. Amarnath Singh and has student coordinators Kajal Prajapati and Saurya Rakesh. It is scheduled for 28th February 2025 at 10:00 AM onwards at Vishveshwarya Hall. The poster includes logos for IIMT and IEEE Student Branch, and social media handles for IIMT India, IIMT Noida, IIMT Meerut, and IIMT Group of Colleges.
