**IIMT as a group, large
& diversified, imparts
knowledge in the field
of Pharmacy,
Science & technology,
Engineering,
Management, & Law.**

Established in 2006 as part of the prestigious IIMT group of colleges, our institution has consistently delivered high-quality education to diploma, undergraduate, and postgraduate students in the Delhi NCR region. Our graduates have made significant contributions to the healthcare and pharmaceutical sectors, enhancing our reputation as a center of excellence.

Managing Director's Message

Dear Readers,

Warm greetings to everyone!

It is with great pride and joy that I congratulate Prof. (Dr.) Nakul Gupta and the esteemed faculty for their visionary leadership in bringing forth the Pharmacy Newsletter, Bheshaja. This initiative stands as a testament to IIMT College of Pharmacy's unwavering commitment to fostering knowledge, research, and innovation in the dynamic field of pharmacy.

Our Research & Development department continues to set benchmarks by collaborating with prestigious national and international institutions. These partnerships drive advancements in pharmaceutical research, drug discovery, and healthcare innovations, all while enriching the academic journey of our students.

Equally commendable is the role of our Training & Placement Cell, which ensures students gain valuable industry exposure through internships, specialized training, and robust placement opportunities. This equips them for successful careers in pharmaceutical companies, hospitals, and research institutions, reflecting our dedication to holistic professional development.

At IIMT College of Pharmacy, we strive to create a vibrant environment that nurtures excellence in education, groundbreaking research, and career advancement. The Bheshaja newsletter embodies our shared vision to remain at the forefront of this ever-evolving field.

I am confident that this edition will inspire and inform, sparking ideas and igniting curiosity. My heartfelt thanks go out to all contributors for their hard work and dedication. I eagerly look forward to your valuable feedback, which will help us shape even better editions in the future.

Best Regards,

Dr. Mayank Aggarwal

Director's Message

Dear Readers,

Greetings to All!

Welcome to the latest edition of the IIMT College of Pharmacy newsletter - BHESHAJA. I am excited to share the latest News, Research, and Developments from our college to the wider pharmacy community.

Pharmacy is a dynamic and ever-evolving field, and we must stay up-to-date with the latest advancements and trends. This newsletter provides a platform for us to share our insights and knowledge, as well as with our colleagues and peers to the wider pharmacy community.

In this edition, we have articles covering a range of topics, from the latest research on drug interactions to innovative pharmacy services and initiatives aimed at improving patient outcomes. We also feature interviews with leading pharmacy professionals, sharing their perspectives on the current state of the industry and future directions.

I hope that this newsletter serves as a valuable resource for you and inspires you to continue learning and growing in your pharmacy practice. As always, we welcome your feedback and contributions to the future editions.

Thank you for your immense support and dedication to the pharmacy profession.

Sincerely,

Prof. (Dr.) Nakul Gupta

A deficiency in fiber could potentially serve as a catalyst for inflammatory bowel disease

— Fact checked by Kelsey Costa, MS, RDN

A recent study proposes that despite conventional practices of employing low or fiber-free diets to manage symptom flare-ups in the roughly 3 million Americans affected by irritable bowel disorder (IBD), fiber may indeed hold a crucial role in mitigating IBD symptoms by positively impacting the balance of beneficial gut bacteria. The researchers aim to delve deeper into understanding how diet, gut bacteria, and genetic factors interact, potentially offering insights into strategies for reducing the incidence of IBD.

As reported in *Cell Host & Microbe*, the study discovered that fiber plays a crucial part in the interaction between gut microbes and the protective mucus layer within the digestive system.

Fiber encourages the growth of a healthy, thick mucus layer while also reducing inflammation. In individuals lacking interleukin-10, a cytokine linked to IBD, the condition tends to manifest in infancy or childhood.

Diet significantly influences inflammatory bowel disease (IBD), which affects millions globally. Certain dietary fibers, like unfermented β -fructan fibers, can worsen symptoms, prompting low-fiber diets during flare-ups. However, long-term fiber restriction may harm gut health. Studies on mice lacking interleukin-10, associated with IBD, revealed that fiber-free diets led to increased inflammation by promoting mucin-degrading bacteria growth.

Conversely, high-fiber diets reduced inflammation. While the optimal dietary approach remains uncertain, there's growing recognition of the benefits of high-fiber diets in managing IBD. Healthy gut bacteria, influenced by diet, are crucial for gut health and immune function. Registered dietitian Melanie Murphy Richter advises avoiding inflammatory foods and incorporating probiotic-rich fermented foods and fiber-rich fruits and vegetables to support gut health in individuals with IBD.

HAPPY BIRTHDAY MD SIR

Dear MD Sir,

Your guidance has been a cornerstone of our success, and your dedication motivates us to reach greater heights. With each passing year, your wisdom and unwavering commitment to excellence continue to shape the journey of our organization.

On this special day, we wish you immense joy, good health, and prosperity. May the year ahead bring you countless moments of happiness and fulfillment.

Here's to celebrating you,
your achievements, and the
many milestones yet to
come. Happy Birthday Sir!

Diwali Celebration

IIMT Group of Colleges in Greater Noida celebrated Diwali with a vibrant ceremony filled with joy, culture, and togetherness. The event was experienced with the spirit of the festival as the campus was lit up with stunning decorations, colorful rangoli, and twinkling diyas. On this auspicious occasion, Managing Director of IIMT Group of Colleges, Dr. Mayank Agrawal, distributed gifts and blessings as a gesture of honor.

Spardha 2024

Igniting the Spirit of Competition witnessed an overwhelming response, with participation from more than 30 colleges and over 500 enthusiastic students. This grand inter-college event brought together a vibrant mix of talent, innovation, and sportsmanship. The diverse participants showcased their skills in a range of competitions spanning cultural, technical, and sports categories. From mesmerizing music and dance performances to thought-provoking poetry recitations and storytelling, the cultural events set the stage for students to express their artistic brilliance. Meanwhile, technical events such as poster presentations and quiz competitions provided a platform for participants to exhibit their innovation and analytical skills, fostering an atmosphere of intellectual curiosity and creativity.

Fresher's Party 2024

A day filled with excitement, fun, and memories awaits as we celebrate the arrival of our newest batch of students. The Fresher Party is not just an event; it's a warm embrace from the college community, ensuring our freshers feel at home.

The theme of this year's celebration, "New Beginnings," reflects the journey of exploration and growth that lies ahead. From dazzling performances to engaging games, the evening is packed with entertainment. Our senior students have worked tirelessly to ensure this day is unforgettable, bridging the gap between newcomers and the vibrant college culture.

Superstar's @ IIMT

The starcast of "The Sabarmati Report," starring Vikrant Massey, Raashii Khanna, and Riddhi Dogra, made a promotional appearance at IIMT Group of Colleges in Greater Noida for their upcoming Hindi film that is based on the Godhra train burning incident of 27 February 2002, involving the Sabarmati Express train. At this promotional event, the audience was mesmerized by an unstoppable wave of energy. An uncontrollable wave of enthusiasm captivated the audience during this promotional event when the starcast ignited the event with their presence and appearance.

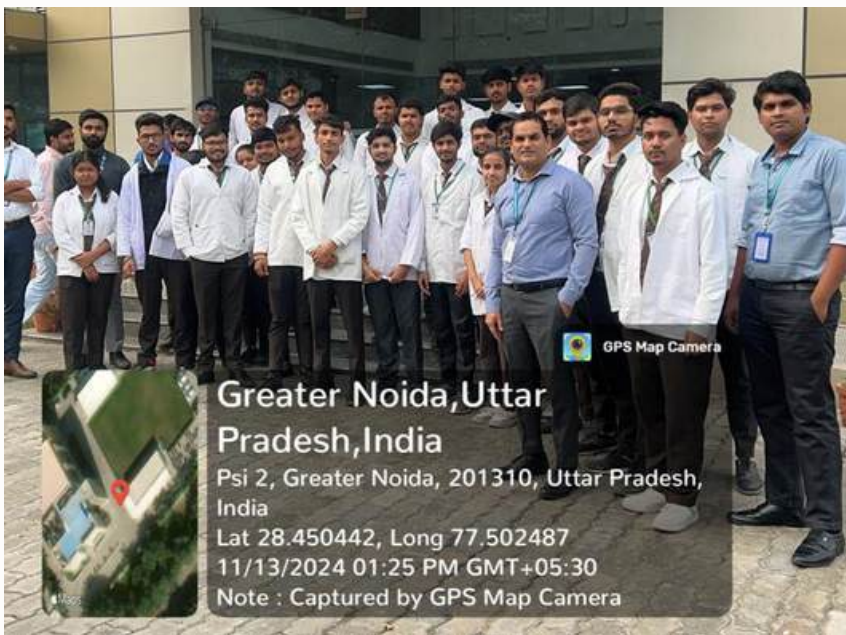

Awareness program on Ayushman Bharat health account (ABHA)

IIMT College of Pharmacy has organized an awareness program on Ayushman Bharat health account (ABHA) and future in healthcare industry. Session was hosted by Dr Divya Agarwal, Associate professor IIHMR, Delhi.

Hospital visits

Hospital visits for B.Pharm students have been scheduled as follows: The visit for 2nd-year students will take place on 13th November 2024, and the visit for 3rd-year students will be held on 14th November 2024. These visits are organized for students who have attended at least 60% of their classes and have submitted a minimum of 60% of their fees.

Rashtriya Nadi Manthan 2024

The Rashtriya Nadi Manthan 2024 was held on November 12, 2024, at Bharat Mandapam, New Delhi, with a focus on the vital issue of river conservation and sustainable water management in India. The event saw participation from various experts, environmentalists, and policymakers, along with a delegation of 40 students from IIMT College of Pharmacy.

A significant highlight of the event was a special lecture delivered by the former President of India, Dr. Ram Nath Kovind. Dr. Kovind's address emphasized the importance of preserving India's rivers for future generations and the crucial role of youth in safeguarding natural resources. His words inspired the audience, particularly the students, to actively engage in river conservation efforts and adopt sustainable practices in their personal and professional lives.

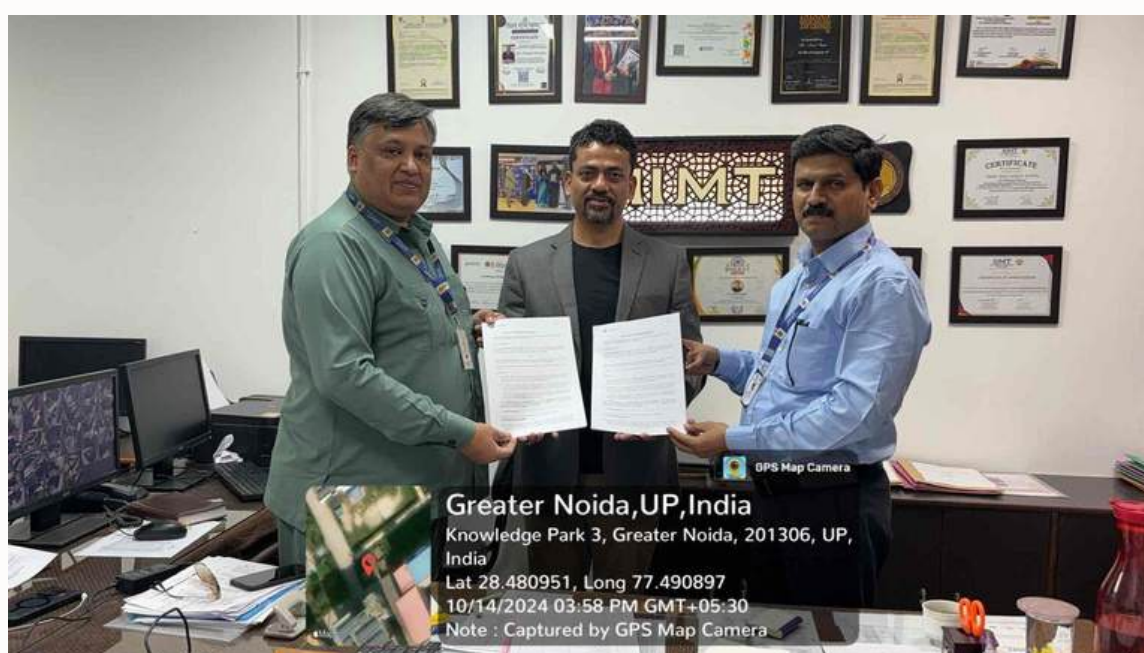

Trip: Haridwar to Mussoorie

A 2-3 day trip from Haridwar to Mussoorie is perfect for college students to enjoy nature, explore cultural sites, and build camaraderie. The journey includes a scenic drive via Dehradun, visits to attractions like Kempty Falls, Mall Road, and Lal Tibba, and optional exploration of nearby spots like Dhanaulti. Group activities, such as games or a bonfire, can enhance the experience. With proper planning for transport, accommodation, and safety, this trip offers a memorable blend of fun, learning, and bonding.

Student's Corner

Satyam Kumar
B.Pharm (1st year)

This college provides the best academic experience and highly qualified faculties. Also organizes regular class tests and provides assignments. This helps the students in their academic improvement. The campus is pretty good, there were fests and competitions and much more fun extracurricular activities for students to participate in, and also the sports competitions were arranged.

IIMT College is the top best college that helps to make my future bright. All the faculty members are very helpful and supportive. They always try to encourage every child and his/her efforts. IIMT College conducts all the necessary activities which enhance the student's performance.

ALUMNI TESTIMONIALS

Anup Kumar Rai
B.Pharm 2008-2012

Having graduated from IIMT College of Pharmacy, I express gratitude for the amalgamation of academic prowess and practical impact. The invaluable practical training, mentorship, and a strong network were instrumental in shaping my success within the pharmaceutical industry. I proudly carry the institution's legacy, actively contributing to healthcare advancements. Gratitude persists for the transformative experience and lasting connections forged.

As a graduate of IIMT College of Pharmacy, my educational path was characterized by a blend of rigorous academics and practical exposure. The institution's dedication to excellence equipped me for the intricate challenges of the pharmaceutical industry. Carrying forward the principles of innovation and ethical practice, IIMT College of Pharmacy remains a cornerstone in my professional journey, and I am proud to make meaningful contributions to the dynamic field of pharmaceuticals.

Ishan sharma
B.Pharm 2015-2019

IIMT College of Pharmacy-Training and Placement Cell

Under the direction of the Honorable Chairman of the IIMT Group of Colleges, the Training and Placement Cell (TNP Cell) was established to assist each student in exploring placement options by inviting various businesses for on-campus recruiting. A forum for the sharing of skills and talents is being created. Making the student body prepared for upcoming problems is another goal. The College is eager to collaborate with reputable businesses on research projects, training initiatives, internship programs, and hiring efforts. The passion for introducing up-and-coming hopefuls to the sector rises along with the conviction that it would be mutually advantageous. In addition to assisting students in landing "dream" employment, the hand-holding helps the visiting employers choose the "best" applicant for the position.

OUR MAJOR RECRUITERS 2023-24

Industry-Academia Collaboration

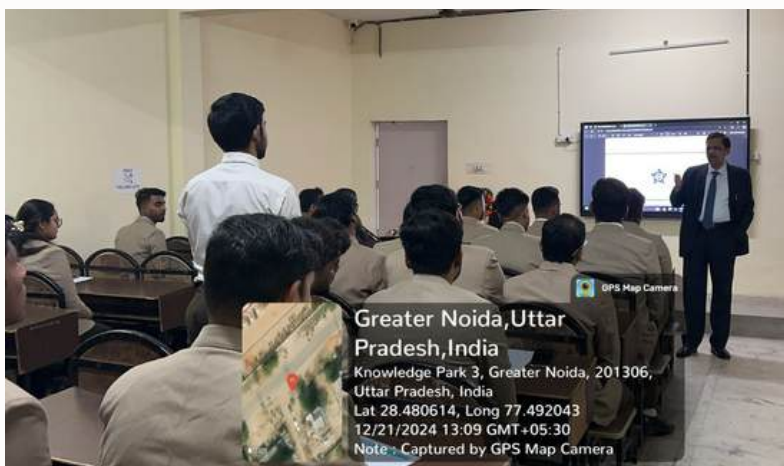

IIMT College of Pharmacy successfully hosted a corporate session with esteemed representatives from SR Group of Companies, including Mr. Sanjay Kumar (Managing Director), Mr. Pravin Kumar (Chief Mentor, SR Medicare Pvt. Ltd.), and Ms. Akanksha Yadav (Assistant Manager, International Business). The session focused on bridging the gap between academia and the corporate world, offering valuable insights into industry trends, career opportunities, and essential professional skills.

Highlighting the students' potential, 9 candidates were shortlisted for opportunities within the group (CTC 3.75 Lakhs).

This event reinforced IIMT's commitment to fostering industry-academia collaborations and preparing students for dynamic careers in the pharmaceutical sector.

I owe my sincere thanks to Honourable MD Sir for his motivational words which are the energy of our efforts.

Regards

Industry-Academia Collaboration

IIMT College of Pharmacy has organized a session on *Clinical Research and the Pharmaceutical Industry* on *16th November 2024 at 11:30 AM. The session will be led by **Gagandeep Singh Saini, a seasoned clinical research professional with over 13 years of experience in the pharmaceutical and CRO sectors. In addition to his role as a Manager - SUN Pharma Gagandeep has been serving as a **PHUSE India Community Officer* This session has provided valuable insights into clinical research careers and emerging opportunities in the industry.
