From Chief Editor's Desk

Prof. (Dr.) Prabhat Kumar Vishwakarma **HOD, Artificial Intelligence & Data Science.**

In 2020, our Artificial Intelligence & Data Science (AI & DS) Department was established, embarking on a transformative journey that began with an intake of 60 students and has now grown to accommodate 180 students annually. Our primary objective has always been to deliver top-quality education in the evolving fields of AI and Data Science.

We are proud to be part of an institution accredited with an A Grade by NAAC, underscoring our commitment to academic excellence and continual improvement. Our vision is to impart education and consultancy aligned with global standards, with the goal of producing highly skilled, self-disciplined professionals who are capable of making impactful contributions on a global scale.

In response to the rapid advancements in technology and the growing demand for data-driven solutions, we are dedicated to nurturing high-caliber professionals who excel in various domains of AI and Data Science across the IT industry in India and abroad.

Our B.Tech program in Artificial Intelligence & Data Science emphasizes a solid foundation in core principles, along with proficiency in cutting-edge technologies such as machine learning, deep learning, big data analytics, and cloud computing. The department boasts state-of-the-art laboratories equipped with industry-relevant tools like Python, R, Tensor Flow, MATLAB, Oracle, Cisco Packet Tracer, and a modern project lab that meets professional standards.

Our faculty comprises highly qualified educators with rich teaching and industry experience, holding Ph.D. and M.Tech degrees. Their expertise ensures an enriching and comprehensive academic environment that fosters deep learning, innovation, and practical knowledge among students.

The Artificial Intelligence & Data Science (AI & DS) Department offers a B.Tech. Program focused on cutting-edge technologies like machine learning, data analytics, and deep learning. The department is committed to academic excellence, industry relevance, and holistic student development. With experienced faculty and modern lab facilities, it prepares students to become skilled professionals, innovators, and future entrepreneurs. A dynamic learning environment and industry-aligned training ensure graduates are ready to excel in the rapidly evolving tech landscape.

THE EVENT

TOURISM THROUGH MY LENS

The event “Tourism through My Lens” was organized to encourage students to explore, capture, and present the beauty of tourism through their own creative perspectives. The main objective was to promote cultural awareness, creativity, and appreciation of travel destinations through photography and storytelling.

THE EVENT

IGNITE 2025

The Department of Artificial Intelligence & Data Science (AI & DS) is proud to share the successful organization of IGNITE 2025, held on 25th September 2025 under GDG on Campus, IIMT.

The event witnessed the participation of over 1200 enthusiastic students, making it a vibrant celebration of learning, innovation, and collaboration. From meticulous planning to smooth execution, the GDG team and volunteers showcased exemplary teamwork, creativity, and dedication, ensuring the event's grand success.

A heartfelt appreciation goes to Faculty Advisor, Mr. Pragya Deep, for his constant guidance and support throughout the event. The department also extends sincere thanks to our sponsors — GeeksforGeeks and Pregrad — for their valuable partnership and belief in our vision.

IGNITE 2025 truly embodied the spirit of community, innovation, and excellence that defines the Department of AI & DS, IIMT.
