About the Department of Computer Science and Engineering

In 2005, our Computer Science Department was established, marking the beginning of a journey that started with an enrollment of 60 students and has since grown to accommodate 120 students annually. Our primary goal has always been to provide exceptional education in Computer Science Engineering.

We take pride in our accreditation from the prestigious National Board of Accreditation (NBA), demonstrating our unwavering commitment to becoming a Center of Excellence. Our vision is to deliver education and consulting services that meet global standards in computer science, with the aim of nurturing globally competitive and self-disciplined computer engineers who are poised to make significant contributions worldwide.

In response to the rapid evolution of technology and the constant need for innovation, we are dedicated to producing high-quality professionals who hold key positions in the IT industry in India and beyond.

Our Computer Science and Engineering Department offers a B.Tech program that emphasizes a deep understanding of fundamental principles and expertise in emerging technologies, cybersecurity, computing devices, and computer architecture. The department features fully equipped laboratories with advanced software such as MATLAB, Oracle, Cisco Packet Tracer, and many more, along with a state-of-the-art project lab designed to meet industry standards.

Our faculty consists of highly qualified professors with Ph.D. and M.Tech. degrees from esteemed institutions like IITs and NITs, ensuring a comprehensive and enriching learning experience for our students.

The Computer Science & Engineering Department, accredited by the National Board of Accreditation (NBA), has been offering a B.Tech. course in Computer Science Engineering since 2005. The department is dedicated to achieving excellence among Indian colleges in its field, which is reflected in its state-of-the-art facilities and the commitment of its faculty members. The success of graduates in securing prominent positions in leading organizations highlights the quality of education provided.

Beyond technical education, the department aims to nurture leadership qualities in students, encouraging them to become job creators and entrepreneurs. This holistic approach not only supports individual growth but also drives economic development and innovation.

Maintaining a positive and innovative learning environment, staying current with industry trends, and providing value-added courses are essential components in preparing students for the ever-evolving field of Computer Science and Engineering. By continuing this dedication to excellence, the department will uphold its reputation and produce distinguished graduates in the future.

WORKSHOP

YOUNG TECH ALUMNI ENTREPRENEURS SHARING THEIR JOURNEY

On 19th November 2025, the Department of Computer Science and Engineering at IIMT College of Engineering organized a special interactive session featuring Ms. Isha Malik, Global Sales Operations Manager at EXL Services, Sector 144, Noida. As a distinguished alumna of the institution, her professional journey stands as a source of motivation for aspiring technologists and young innovators.

In today's rapidly evolving digital ecosystem, the experiences of young tech leaders play a vital role in guiding students toward informed career decisions. With the increasing relevance of entrepreneurship, global operations, and technology-driven roles, gaining real-world insights from industry professionals has become essential for students preparing to enter the workforce.

The poster includes logos for NBA, ED Cell, and IIMT. It states the event is organized by the Department of Computer Science and Engineering. The session title is "Young Tech Alumni Entrepreneurs Sharing Their Journey". The resource person is Isha Malik, Global Sales Operations Manager at EXL Services, Sec 144 Noida. The location is Vishveshwarya Hall, and the date is Wednesday, 19th Nov. 2025, starting at 10:00 AM.

The sessions is presently being delivered by Ms. Isha Malik.
