"You can teach a student a lesson for a day but if you can teach him to learn by creating curiosity he will continue the learning process as long as he lives."

-----**Dr. Rohit Kumar, Assistant Professor**

Excellence in everything, is what we strive for. Value in the positive psychological framework as a rubric is imperative for the success of our children in every sphere. We support and encourage our learners in their quest to develop a respectful and fulfilling relationship with their peers, staff and members of the community. Guidance in their search for meaning in the disciplines we introduce them to, prepares them for the world around them and in their interactions with others. Recognizing and rewarding accomplishment at all levels is our highest priority. We inspire learning for its own sake by sharing our joy, instilling a lifelong dedication to learning.

-----**Mr. Ramakant, Assistant Professor**

Achievements-applauds, opportunities-thoughts, this is what I gained from IIMT College of Law. IIMT gave me a platform that I will cherish always. Someday I won and some days I learned. My experience at IIMT has taught me one fundamental thing – life is unpredictable. It might be good, it might be bad, it might be weird, and it might not interest you, but expect anything to happen. I am Grateful to God that I have this College as the stepping stone of my career life.

-----**Neha Irene (LLB, 3rd year)**

Being a student of IIMT make me feel proud. My experience in IIMT was just amazing. I got infinite love & lessons from my teachers, there teachers made me do "Work Hard" for the way to success. Just want to thank to the wonderful faculty of IIMT....I am proud to be a student of IIMT
