From Chief Editor's Desk

Prof (Dr.) Prabhat Kr.Vishwakarma
HOD CSE

The Department of Computer Science & Engineering is accredited with NBA. The Department conducts 4 year B.Tech. Course in "Computer Science Engineering" since 2005. It has state-of-the-art & world class facilities, with clear aim to be known as the best department in Computer Science & Engineering among all other Indian Colleges of repute. As a wealth, the department has a strong team of faculty members with high dedication towards the commitment. The pass out students of

the department are performing extremely well in almost all the leading organizations and making the name of the department sparkle bright. Here at IIMT, we are committed to provide not only technical education to our students but also the leadership qualities through which they can create employment for others.

Sincerely,
Prof (Dr.) Prabhat K. Vishwakarma
Chief Editor & HOD Dept. of CSE

About the Department of Computer Science and Engineering

Department of Computer Science was established in the year 2005 with an intake of 60 students which rose to 120 per year, with the objective of imparting quality education in the field of Computer Science Engineering.

The department has also achieved prestigious NBA (National Board of Accreditation) and aims to be the Centre of Excellence in providing international standard education and consultancy in the field of computer science and thus targets to produce globally competent and self disciplined computer engineers.

To Keep pace with rapidly evolving technology and continuous need for innovation, the department has

also started B.Tech. in "Artificial Intelligence" with an intake of 60 students, we always aim to produce quality professionals, capable of holding important positions in information technology industry in India and abroad.

The Department of Computer Science and Engineering offers B.Tech course, lays emphasis on deep understanding of fundamental principles and knowledge of computing devices, logic, circuits, and computer architecture. The department is fully equipped with laboratories, along with advanced softwares like MATLAB, Oracle, j meter and Selenium under the supervision of well-qualified Professors with Ph. D. and M. Tech. from reputed institutes like IITs, NITs, etc.

Technology is nothing. What's important is that you have faith in people, that they're basically good and smart-and if you give them tools, they'll do wonderful things with them," he said. "Tools are just tools. They either work, or they don't work.
