

BEST PRACTICES

1. Title of the Practice:

Inclusion of Research activities in the college.

Objectives of the Practice: The college has the responsibility to encourage all teachers to conduct different types of research. So, for pursuing their research the college provides them a research ambience, necessary library, laboratory etc. Teachers are also encouraged to participate in different national and international seminars, conferences. The faculty members also publish their research works and writings regularly in various National and International journals both. Following are the major practices related to the research activities in the college: To inculcate research culture among the teaching faculty members of the college. To develop research skills and positive attitude among the students. To encourage the faculty members to publish their research articles in the journals of national and international repute. To organize seminars and workshops relating to modern trends of multidisciplinary research. To encourage to faculty members to submit minor and major research proposals to different funding agencies viz. UGC etc. To develop the scientific temper among teachers and students. Evidence of

Success: Research publications, participations / presentations in seminars are achieved.

2. Title of the practice:

Different types of literacy programmes, cleanliness programmes and training programmes was performed by the students in nearby local villagers.

Objectives: These types of activity were performed throughout the year to irradiate the mass illiteracy from the local villagers as well as empowered the women by the training courses. Various types of cleanliness programmes were done by the students to make the local area clean and healthy. **Practices:** These practices were performed by students along with villagers . **Evidence of Success:** Environmental awareness programme, tree plantation, outreach programmes was performed.
