

Report On

Short Term Course

(In Collaboration with NITTTR Chandigarh)

A Short Term Course (STC) is a unique program designed for faculty members, and is focused to develop faculty members with the recent developments in the field of technology. STC's are developed to improve teaching learning process by bringing new and innovative methods of teaching into the classroom. The aims at enhancing the academic and intellectual abilities by providing faculty members with enough opportunities to improve academic delivery and pursue research. It also provides an in-house platform to enhance their knowledge.

b) The objective of FDP is to enhance the knowledge of the faculty members in the technical field as well as interdisciplinary areas. It also ensures overall growth of individual faculty members by organizing personality development workshops/seminars. It gives enough inputs to individual faculty members on interdisciplinary research area which will enhance working on inter department platforms for collaborating with government departments for research grants.

Brief Write up on the Program/Event:

The department has organized a STC in online mode “Innovation Management and Intellectual Property Rights” during 4th December to 8th December 2023, in collaboration with NITTTR Chandigarh. A total of 39 faculty members have attended the program. Speakers from NITTTR Chandigarh have delivered lectures on the topics of this course. In addition to the course contents, learned speakers have introduced various government schemes for financial assistance to conduct such courses. The attendees of this course appreciated the initiative and requested to conduct more programs in future.

Learning Outcomes:

The expected outcomes of this STC is having well trained faculty members to contribute in seminars / conferences / workshops as resource person. This will boost their confidence and research abilities. The institute will gain recognition on international platform through these initiatives. STC sessions are conducted frequently at institutional level and departmental level.
