Outcome Based Education

The implementation of Outcome Based Education (OBE) at engineering institutions is considered to be a great step towards the assurance of quality of education. OBE is education in which an emphasis is placed on a clearly articulated idea of what students are expected to know and be able to do, that is, what skills and knowledge they need to have, when they leave the institute system. The main objective is to produce global engineers/professionals with leadership and managerial quality and apply ethical principles. Quality in higher education is the most urgent need as India moves towards becoming an educational hub. In view of the above, the, the IQAC organized one day OBE Awareness Program.

Program Schedule

Program	Outcome Based Education- Strategies & Best Practices
Date	20 th January, 2024
Venue	Confrence Hall T & P
Resource Person	Prof. Arun Sharma, Dean & Director IQAC
