

Sr. No.	Title of the Patent	Patent Publication / Granted Number
1	An analysis of the role of HR in managing employee relations and conflict resolution	202541119488
2	Investigating the role of HR in developing and implementing effective recruitment strategies	202541123344
3	Advanced portfolio construction using performance evaluation and Modern Portfolio Theory (MPT)	202521123791
4	Strategies for managing human resource management in competitive markets	202541127413
5	The impact of international management on organizational culture	202541126551
6	The impact of international management on organizational culture	202541126551
7	The impact of advanced analytics on marketing strategies	202541119833
8	The influence of macroeconomic factors on business performance	202541131720
9	Wireless Energy Transmission System Using Resonant Inductive Coupling for EV Charging	202541127432

10	CRISPR-Baesd Precision Gene Editing System for Rare Genetic Disorder Treatment	202531073833
11	Adaptive Thermal Management System for High-Efficiency Combustion Engines	202531127429
12	Hybrid Supercapacitor System with Integrated Pseudocapacitive and Electric Double-Layer Capacitor Materials for Extended Lifespan and High Power Density	202521115874
13	Smart Energy Distribution Control Unit for Renewable and Conventional Hybrid Power Systems	202621004445
14	IoT-Enabled Supply Chain Monitoring System with Real-Time Risk Assessment for Business Logistics	202541122230
15	Blockchain-Based Secure AI Model for Digital Identity Verification	202541126554
16	AI-Based Debugging Framework for Real-Time Identification and Correction of Logical Errors in Source Code	202531116879
17	Cloud-Based Resource Allocation System Using Predictive Load Balancing for Virtual Machine Clusters	202541117261
18	The influence of enterprise resource planning (ERP) systems on business operations	202541126553
19	AI-Driven Cyber Threat Prediction Engine Using Multi-Layer Behavioral and Network Traffic Analysis	202611001512
20	IOT Enabled Embedded Control Device for Real Time Sensor Data Fusion and Transmission	202641007505
21	Smart Wearable Device for Continuous Monitoring of Pharmacokinetic Responses in Chronic Patients	202611004924

22	Automated Herbal Compound Extraction System with Adaptive Temperature and Solvent Optimization	202641005478
23	AI-Based Predictive Analytics Engine for Early Detection of IT Infrastructure Anomalies	202641007504
24	AI-Based Smart Energy Management System	202511112264
25	AI-Powered Predictive Maintenance System for Industrial Equipment	202511112263
26	AI-Based Waste Segregation and Management System	202511112265
27	AI-Enabled Personalized Learning Recommendation System	202511112266
28	Utilizing AI Managing Traffic Control System: A Smart Way	202511113065
29	Intelligent Behavioral Prediction System	202511113066
30	Smart Eye Sight Monitoring System	202511113067
31	Energy Level Monitoring System Using Machine Learning	202511114028
32	"AI-Driven Stress Management System"	202511114026
33	Smart Climate Monitoring and Environmental Data Management System	202511114027

34	Adaptive Gradient Clipping with Dynamic Threshold Adjustment for Neural Network Training	202511109818
35	Novel Platinum(IV) SBCs with Enhanced Tumor Selectivity and Reduced Toxicity for Use in Cancer Therapy	202511110210
36	In vitro study on combinatorial delivery of Epirubicin and Cyclophosphamide with targeted therapeutic system: An advance material in breast cancer treatment	202511110291
37	Nanomaterial-Based System and Method for Efficient Removal of Heavy Metals from Contaminated Water	202511111130
38	Efficient Matrix Multiplication Algorithm Utilizing Adaptive Partitioning for Large-Scale Data Processing	202511111126
39	System and Method for Recycling Electronic Waste to Manufacture Textile Fibers and Fabrics	202511111107
40	Self-Healing Concrete with Nano-Additives for Enhanced Durability and Sustainability	202511111110
41	Smart Irrigation Technique Integrated with Civil Engineering Infrastructure	202511111128
42	Graphene-Reinforced Geopolymer Cement	202511111132
43	Innovative Application of Geosynthetic Fibers for Soil Stabilization and Structural Reinforcement in Civil Engineering	202511111131
44	Online Trading App for Stock Market	202511112121

45	Trace Me-Find Missing Person	202511116315
46	Blockchain Based Insurance Claim	202511112123
47	Multi-Class Skin Disease detection Based on Convolutional Neural Network	202511112125
48	: Detection and Prediction of Kidney Failure	202511112120
49	Healthy and homemade food services to Empower Women	202511112124
50	Help-Kart: E-Com Robust Infrastructure for Development	202511112122
51	Innovative Talent Acquisition Platform	202511114418
52	Detection of Milk Adulteration using AI	202511114417

53	An Intelligent Walking Aid with Integrated Fall Detection and Prevention System	202511114707
54	Low-Profile Implantable Antenna for Wireless Data Transfer in Biomedical Systems	202511114706
55	Compressor-Based Low-Power Inexact Multiplier for High-Performance Booth Multiplication	202511114704
56	Dynamics of HH model of excitable Neuron with Calcium Channel	202511115928
57	An Intelligent System for Data Security in Cloud Computing Using Cryptographic and Machine Learning-Based Classification Techniques	202511114705
58	Deep Learning-Based System for Automated Detection and Segmentation of Oil Spills from Remote Sensing Imagery	202511114703
59	Enhanced Fraction Module for Programming Languages to Improve Computational Accuracy and Efficiency	202511114708
60	Improved BF-CNN System for Precise Detection of Diabetic Retinopathy	202511115414
61	Real-Time IoT-Cloud Integrated Vehicle Number Plate Recognition System	202511115412
62	System and Method for Predicting and Influencing Green Product Purchase Intention Among Young Consumers	202511115926
63	“Adaptive AI-Based System for Bias-Free Candidate Evaluation and Predictive Job Fit Analysis”	202511115927
64	The Inclusion of Robo Advisory for Better Performance of Personal Finance Tools	202511115924

65	Importance of Business Analytics in Data Driven Decision Making	202511115922
66	AI-Based Recruitment Screening and Shortlisting System	202511115925
67	Virtual Reality Training Models for Employee Skill Development	202511116538
68	System And Method for Monitoring Location of Children Using Adaptive Geofencing and Context-Aware Mobile Applet	202511115413
69	SmartMeter as IoT device	202511115923
70	Barcode Reader: A Detailed Study	202511116539
71	IoT-Based Home Automation System	202511116535
72	The Collecting, controlling and processing of personal data using IoT device utility.	202511116536
73	A Method to Design a Halogen Tungsten Light-Based One-Sun Solar Simulator for Laboratory Testing	202511116537
74	Prosthetic Leg Control System and Method Thereof	202411063021 A
75	Sleek Ergonomic Bicycle	202411063019 A
76	Automatic Floor Cleaner and Method Thereof	202411063020 A

77	Internet of Things (IoT) Healthcare Monitoring System with Machine Learning Analytics	202441062856 A
78	Building Block and Manufacturing Method Thereof	202411062408 A
79	Adaptive Security Protocol for Smart Home IoT Devices Using Cloud-Fog Architectures	202411055827 A
80	AI-Based Smart Water and Nutrient Recycling System in Aeroponics Using Deep Learning	202441051857 A
81	Education and Business Management System for Preventing Mentally Disabled Student Using NLP-Based Physical Violence Detection	202411051327 A
82	AI-Based Approach for Detecting and Visualizing Evolution of Research Fields	202441049749 A
83	AI-Based Cyber Security Intrusion Detection System for Mobile Clouds	202441045112 A
84	Automated Detection and Classification System for Lung Cancer Using CNN	202411041551 A
85	AI-Based Knowledge Evolutionary Process for E-Commerce Recommendation	202441041086 A
86	AI-Based Cyber Attack Prediction System via Dark Web Forums	202441038260 A
87	Mathematical Model for Controlling Insect Population in Crops	202411030100 A
88	IoT and AI-Based Water Bodies Monitoring System for Industrial Effluent Detection	202411005464 A

89	Emergency Charging Service for Electric Vehicles Using IoT and Deep Learning	202441004200 A
90	Early Detection of Breast Cancer Using Deep Learning and Image Processing	202411004017 A
91	Deepfake Video Detection System and Method	202411001205 A
92	AI-Based Criminal Digital Forensic Investigation Using Blockchain	202441001224 A
93	IoT Device for Detecting Diseased Leaves Using Image Processing	403933-001
94	Machine Learning Based Closed Loop Concrete Mixture Equipment	202311078071 A
95	All-Weather Protection for Vehicles	202311076368 A
96	Robotic Grasping and Positioning Device	6325321
97	Robot Apparatus Container	6325319
98	ML Techniques for Curriculum Mapping and Outcome-Based Education	202341066945 A
99	Solar Panel Mobile Stand	6316581
100	Solar Cell Phone Cover	6316580

101	Smart Inhaler with MTAC Functionality	202311059024 A
102	Green Synthesis of Magnetite Nanoparticles Using Plant Extract	202311059023 A
103	Portable Solar Dryer with Adjustable Multi-Collector System	202311059012 A
104	Welding Electrode and Manufacturing Method	202311059014 A
105	Novel Papercrete Bricks from Waste Paper	202311059021 A
106	Turbidity Detection System Using Image Processing	202311059022 A
107	Smart Helmet	202311059015 A
108	Multi-Functional Solar Umbrella	202311059011 A
109	Low Power Surveillance Drone	202311059013 A
110	Novel Papercrete Brick Manufacturing Method	202311059020 A
111	Vehicle Drowsiness Detection System	202311058994 A
112	Criminal Activity Detection System	202311058992 A

113	Blockchain-Based Smart Energy Management System	202311058985 A
114	Heart Disease Detection Using ECG and Machine Learning	202311058988 A
115	Adaptive Transforming UAV with Articulating Arms	202311058990 A
116	Compact Wideband Antenna with Band-Notch Ability	202311058993 A
117	Composition to Improve Black Cotton Soil	202311058987 A
118	Sewage & Wastewater Treatment Using Improved SBR Process	202311058986 A
119	Nano-Emulsified Ethanol-Diesel-Al ₂ O ₃ Fuel Preparation	202311058984 A
120	Overhead Water Tank with Air-Insulated Layer	202311058991 A
121	Task Scheduling System and Method	202311058989 A
122	IoT Device for Plastic Waste Management	392790-001
123	IoT-Based Road Cutter	349686-001
124	A Real Time Wi-Fi Router for Cloud Network	202311054568 A

125	Method and System for Detecting Sentiment by Analyzing Human Speech	202311051142 A
126	Artificial Intelligence Based Traffic Management and Control System	202311049557 A
127	Method of Capturing Data from Digital Images	202311049564 A
128	Glass for Visually Impaired	202311049563 A
129	System and Method to Manufacture a Building Block	202311049560 A
130	Development of Low-Cost Housing Material by Applying Soil Stabilisation	202311049559 A
131	Device to Detect Gas Leakage and Measure Weight of a Cylinder	202311049558 A
132	Heterogeneous Resilient Approach for Communication Issues in Underwater Sensor Networks	202311048813 A
133	Weed Detection in Crops Using Machine Learning Techniques	202311048893 A
134	Mobile-Edge Computing and Line-of-Sight Communications for Joint Multi-UAV Path Planning in IoT Networks with RISS	202321042472 A
135	Innovative Mobile Application Transforming E-Commerce by Empowering Virtual Retail	202311042485 A
136	IoT-Based Process to Decarbonise Road Transport Using Electric Vehicles	202311040804 A

137	Machine Learning and Image Processing Based Lung Tumor Classification and Prediction	202341037702 A
138	IoT Based Agriculture Vehicle for Pesticides Spraying	6281351
139	IoT Based Finger Decontamination Device	6279513
140	Air Pollution Control System with Air Freshener Dispensing Unit	202311027129 A
141	Innovative Traffic Surveillance System Using ThingSpeak, Cybersecurity and IoT	202311025444 A
142	Design and Development of Smart Home Using Novel Wireless Communication Technology	202311021504 A
143	IoT-Based System for Analysing Impact of Work-Life Balance on Industrial Productivity	202311020397 A
144	Ecosystem of Smart City Using Blockchain Technology	202311014155 A
145	Smart Contrast Enhancement System for Color Images Using Optimized Fuzzy Intensification	202311008957 A
146	System and Method to Book an Appointment with a Healthcare Provider	202311005712 A
147	Self-Igniting Incense Device	202311003838 A
148	IoT-Based Anti-Theft Mechanism for Detecting Malicious Activity	202211076177 A

149	Air Pollution and Quality Monitoring System Using AI and IoT	202241075088 A
150	AI-Based System for Classifying Bone Marrow Transplants	202211069226 A
151	IoT Device Management Encryption for Defibrillators	202211069225 A
152	Machine Learning System for Cloud Security	202211056737 A
153	Intelligent Inhaler for Asthmatic Patients	2022093017304700DE
154	Wireless Security Systems Powered by IoT, AI and ML	202211057702 A
155	Sustainable Green Inventory Model with Imperfect Products and Emission Control	202211051150 A
156	Malware Detection in Cyber Security Using AI and Machine Learning	202211046452 A
157	ML-Based Prediction of COVID-19 Impact on Financial Management of Educational Institutions	202221040854 A
158	Deep Learning Based Intelligent Weather Prediction for Future Agriculture	202211038708 A
159	AI-Based Method to Predict Water Quality	202211037504 A
160	Intelligent Micro Grid Design for Rural Agriculture Irrigation	202241034180 A

161	IoT and Blockchain-Based System for Enhancing Computer Network Security	202211031028 A
162	Multimodal Brain Image Registration and Recognition for Early Detection	202241030853 A
163	Stochastic Modeling and Quantification of Uncertainties in Structures	202211030685 A
164	AI & ML Based Rail Transportation Property Management System	202211025461 A
165	Customizable Data Science Educational Environment with Virtual Labs	202211023281 A
166	ML-Based Automatic Electrodiagnosis of Carpal Tunnel Syndrome	202221021099 A
167	Stable Transmission Control Unit for Congestion Control in IoT	202211016952 A
168	Machine Learning System for Cloud Security and Method Thereof	202211056737 A
169	ML-Based Approach to Predict Stress of Teaching Staff	202211007601 A
170	Wireless Sensor Network Abnormality Detection System	202221005024 A
171	ML Contribution to Control the Spread Speed of Coronavirus Pandemic	202211003986 A
172	Ovarian Cancer Detection System	202211003165 A

173	IoT-Based Intelligent Traffic Management System	202131062286 A
174	Die Manufacturing Machine	353586-001
175	BSE Sensex and Stock Prices Analysis and Predictor Using IoT and Machine Learning Technology	202121053768 A
176	Novel Hybrid Approach for Multimedia Content Protection in Public Cloud	202111052482 A
177	Artificial Intelligence and Machine Learning Based Automated System for Healthcare	202111051850 A
178	Artificial Intelligence and Secured HTTP Based Marketing Management Tool and Method	202111050031 A
179	Intelligent Human Body Detection System Through Wall	202141033333 A
180	Cost-Effective Portable Oxygen Concentrator for COVID-19	2021102355
181	RFID-Based Position Identification in a Playing Arena	202111020437 A
182	Smart IoT Device to Measure and Monitor Patient's Critical Parameters in Hospitals	2021100982
183	System and Method for Non-Invasive Fetal Brain Monitoring	202111017149 A
184	Cross-Layer Routing Protocol Design for Multimedia Transfer over Wireless Networks	202111013040 A

185	Innovative Green Hybrid Wind Energy System for Running Electric Appliances	202111010777 A
186	Intelligent Self-Sustained Hybrid Agriculture Assistance System	202111010773 A
187	Intelligent IoT-Based Smart E-Ticket System for Smart Transportation	202111010781 A
188	IoT-Based Intelligent Smart Kids Wearable Monitoring Device (ISKWMD)	202111010506 A
189	Smart IoT Device to Measure and Monitor Patient's Critical Parameters in Hospitals	202111007248 A
190	AI-Enabled Metal Three-Dimensional (3D) Printing Systems and Methods	202011054553 A
191	Smart Solar Panel Measurement and Monitoring System Using IoT	202011026871 A
192	Rapid COVID-19 Detection System Using Deep Learning on Lung X-Ray Images	202011016779 A
193	Drone Surveillance System for Ragging Detection	202011011163 A
194	Biomass Size Reduction and Energy Production System	202031006855 A
195	Wearable Heart Condition Monitoring Device	202011002362 A
196	Automatic Water Quality Monitoring System	202011002131 A

197	Apparatus and Process for Converting Waste Plastic Materials into Fuel	201911042326 A
